**SEEKONK HIGH SCHOOL STATEMENT OF RESPECT**

Respect: Earn it, Give it, Live it.

**SEEKONK HIGH SCHOOL CODE OF CONDUCT**

As students of Seekonk High School, we strive to accept the personal responsibility to uphold strong standards of both academic and personal integrity. We will abstain from lying, cheating, or stealing by conducting ourselves in a manner that fosters an honest, positive, safe, and comfortable environment for all in Seekonk High School and the surrounding community.

**RIGHTS AND RESPONSIBILITIES**

Below are listed some of the rights and responsibilities of parents, students, faculty, and administration. If people exercise these rights and uphold their responsibilities, Seekonk High School will be a better school. To use these rights, all involved must understand them. Understanding may be obtained through open, honest, and respectful communication. Parents should get involved with the school; administrators and teachers should be willing to help all students; students should fulfill their responsibilities and appreciate their rights.

**Students have the right to:**
- Have access to a Free and Appropriate Public Education (F.A.P.E.).
- Participate in extracurricular clubs and activities.
- Voice their opinion, present ideas, be listened to, and be treated with respect.
- Appeal their case, if any injustices are perceived.

**Students have the responsibility to:**
- Be engaged in their academic program.
- Respect the school and keep it clean and presentable.
- Respect teachers and fellow students and work with them to make SHS a better community.
- Work to solve problems instead of complaining about them.
- Know student rights and responsibilities by reading the handbook carefully.
- Respectfully project a mature and responsible image while away from SHS at all school-related sports and activities.

**Parents have the right to:**
- Be treated with courtesy by all members of the SHS community.
- Be informed of school policies, academic requirements, and both the academic and behavioral progress of their child.
- Parents also have important responsibilities to fulfill. They bridge the gap between students and administration, and teach their child to be respectful and able to carry out his/her responsibilities.

**Parents have the responsibility to:**
- Strive to prepare the child emotionally and socially to make him/her receptive to learning and discipline.
- Have the child attend school regularly and arrive on time.
- Encourage the child to develop proper study habits at home.
- Know school requirements and procedures.
- Speak out to prevent misunderstandings.
- Work with students and administration to improve school programs.
- Get involved! Know what is happening in the child's world.

**Faculty and Administration have the right to:**
- Be treated with courtesy and respect by all members of the SHS community.
- Discipline students in a consistent and fair way.
- Take necessary disciplinary action.

**Faculty and Administration have the responsibility to:**
- Encourage learning in an open and positive atmosphere.
- Be concerned about the personal, social, and academic growth of the SHS community.
- Be available to help students.
- Make sure students know and understand the school's policies.
- Communicate with parents and students about any problems that may arise.
ACADEMIC PROGRAM

CLASS RANK
Class rank is calculated at the end of each academic year for all classes. Senior class rank is determined at the end of the first semester of the senior year. This ranking is used to determine the valedictorian and salutatorian. Seekonk High School publishes the names of the first and second ranking students in the graduating class. At the Class Night assembly, these two students are presented with their awards and their accomplishments are reviewed. Parents and students are reminded that this ranking is not undertaken as a representation of the philosophy of the high school staff, but as a service to the student and in response to the demands for comparative data from college admission personnel.

The class rank calculation utilizes factors contained in the course parameters including the number of credits for the class, a GPA factor, and the actual grade. The GPA factors for courses are as follows: Advanced Placement courses 1.40, Honors level courses 1.30, College Level courses 1.20 and the remainder 1.0. Reduced to its simplest description - students who obtain the highest class rank take the most difficult classes and earn the highest grades.

Students who spend their senior year in dual enrollment programs are not eligible for the honor of valedictorian or salutatorian. They are also not eligible for awards for academic recognition based on their class rank as of the end of their junior year.

EXAMINATIONS
Examinations are given at the end of each semester. The examination in a semester class will be the final examination. The emphasis for the semester examination will be on the preceding two quarters. There are no exemptions.

Attendance during exams is vital. Students will only be allowed to make up missed exams if they are able to provide documentation that is accepted as an excused absence, and/or as warranted by the student’s disability or as determined by a student’s 504 or IEP TEAM. Parents must contact the main office if a student is absent due to an illness not requiring an appointment with a doctor. All exams must be made-up during exam week, unless otherwise warranted by a student’s temporary or permanent disability. Any appeals to this must be made in writing to the Principal.

GRADUATION REQUIREMENTS
In order to receive a diploma, a student must earn 125 credits, successfully complete the courses listed within this subsection, adhere to the attendance policy, and receive a passing score on the ELA, Math and Science/Technology portions of the Massachusetts Comprehensive Assessment System (MCAS) tests. This is a condition of receiving a high school diploma, as set by the Massachusetts Department of Education. Students who do not pass the MCAS tests but otherwise meet all other graduation requirements may be eligible to receive a certificate of attainment.

In addition, a student is expected to take 35 credits per year. A minimum final grade of 65 is required to earn credit in all courses. Students who fall under the umbrella of Special Education, including 504, may meet graduation requirements through adaptive programs. This decision must be determined by the special education or 504 team. It is expected that all students carry a full schedule even if they have met their graduation requirements.

In special cases, a student may be released from a graduation requirement upon petition to the building principal or her designee. These exemptions are rarely granted.

Seekonk High School students must complete 40 hours (starting with the class of 2022) of community service outside of the school day/building. Completed community service forms must be submitted to guidance to be counted & to receive the earned service hours. The classes of 2020 & 2021 will stay at 25 hours.

All students must pass:
- Four years of English;
- Four years of mathematics;
- Three years of science;
- Three years of social studies, including 2 years of American History and 1 year of World History;
- One semester class in computer technology;
- Two one-semester courses in practical arts (Media/TV, Digital Photography, or Family and Consumer Science course);
- Two one-semester courses in fine arts (music, art, creative writing, film/fiction, or drama);
- One health class;
- Two consecutive years of the same foreign language; and
- Three semesters of physical education.

Participation in physical education is required each year, unless otherwise warranted by a student’s disability. Juniors and seniors may select one of the following options for participation:
- Take a one semester physical education course each year; or
- Play on an interscholastic team at SHS for one complete season to satisfy the physical education participation requirement in either their junior or senior year. This is a one-time option only. Students may not elect this option in
both junior and senior years. A PE waiver form must be completed and be on record with the student’s guidance counselor.

Students taking (7) full year courses may submit for approval an independent PE plan to meet their physical education participation requirement for a given year. The independent PE plan guidelines are available in the guidance office.

Please see Attendance Policy for additional requirements.

DESTRUCTION OF STUDENT RECORDS AFTER GRADUATION

Student records may be picked up at the School Depot central office for 30 days after graduation. The records will be destroyed after this 30 day window.

Please be aware that Seekonk public schools will transfer student records to and from other public schools without parental permission if the school department is made aware that a student is moving away from or arriving to the Seekonk School District, and may destroy the records 30 days after the records have been transferred. Please refer also to the Student Records sections located elsewhere in this Handbook for additional information about access to, and distribution of, student records.

GUIDANCE SERVICES

Guidance counselors are available to assist students with career planning, academic assistance, college planning, and scheduling. Students are reminded that they should schedule appointments with the guidance counselors to discuss PSAT and SAT tests and college applications. Appointments may be made by filling out an appointment request form in the guidance office. Counselors will call for the student as soon as he/she is available. Any parent wishing to change a guidance counselor assignment should contact the building principal or her designee.

College Application Process

Students are responsible for completing and mailing college applications. The guidance office will mail transcripts; however, students must provide postage. The guidance office does not mail applications to colleges. It is important that students remember that applications should be mailed well in advance of college deadlines. Transcript requests should be submitted at least two weeks prior to college deadlines for applications.

Course Add / Drop Period

No student will be allowed to drop a class after the first week of the semester unless administrative approval has been given. The guidance counselor will contact the parent and the classroom teacher to discuss the request. Any student who leaves the class after the fourth week of the semester may receive a WF (Withdrawal Fail) on his/her transcript. This will be determined by the grade the student has achieved on the day the course is dropped.

HOMEWORK

Homework will be assigned on a regular basis as a fundamental part of the teaching-learning program of Seekonk High School. Homework is the extension of activities begun in school by the student under the guidance of his/her teachers and continued at home. Students should use their planners to record all short and long range assignments.

HONOR ROLL

The honor roll is calculated at the end of each quarter. To be eligible, a student must carry a minimum of four major (5 credit) classes, attain an academic average of 80 or better, have no grades below 80 in any course, and have no incomplete or failing grades. The honor roll categories are as follows: Honors: an average between 80 and 89.4; High Honors: an average between 89.5 and 94.4; Highest Honors: an average greater than 94.5.

HONOR SOCIETIES

World Language Honor Societies

A student may become eligible for World Language Honor Society in his/her junior or senior year if he/she has achieved at least a 90% cumulative grade point average in a foreign language. If a member’s average drops below 90%, or if the member fails to meet society requirements or his/her respective student agreements, he/she will be notified that he/she has one marking period to improve in order to remain part of the World Language Honor Society.

National Honor Society

A student may become eligible for the National Honor Society in his/her junior or senior year if he/she has achieved at least a 90% cumulative grade point average. Admission must then be approved by a faculty committee which will evaluate him/her in the areas of character, leadership and service. If a member’s average drops below 90%, or of the member fails to meet society requirements, he/she will be notified that he/she has one marking period to improve in order to remain part of the National Honor Society.

If a student fails to improve in one marking period after receiving such a notice, he/she will be removed from membership in his/her Honor Society.
PROMOTION POLICY
The following are the minimum requirements needed to move from one grade to the next. If a student does not meet/exceed the minimum requirements, he/she will not be able to graduate on time. The Principal, or the student’s 504 or IEP Team, may grant a waiver of these requirements based upon extenuating circumstances or a student’s specialized needs based on his/her disability.

Grade 9 to Grade 10:
Pass both English and Math – 10 credits
Pass an additional 15 credits
Total needed – 25 credits

Grade 10 to 11:
Pass both English and Math – 10 credits
Pass an additional 15 credits
Total needed – 25 credits / 55 credits total (grades 9 & 10)

Grade 11 to 12:
Pass both English and Math – 10 credits
Pass an additional 15 credits
Total needed – 25 credits / 90 total credits (grades 9-11)

REPORT CARDS AND PROGRESS REPORTS
Seekonk High School distributes report cards on a quarterly basis. Progress reports are distributed at the midpoint in each quarter. Parents have access to both report cards and progress reports online. The school expects parents to carefully review the information on report cards and progress reports. An "I" (Incomplete) on the report card indicates that the requirements of the course have not been met. Students have two weeks after the quarter ends to meet the requirements of an incomplete course. Appeals for any period of time exceeding two weeks must be given to, and approved by, the principal in writing. When these requirements have been met, the grade earned will be awarded.

Social Expectation Grade: In order to ensure that all students demonstrate responsible behavior as expressed in our Mission Statement, they will receive a social expectation grade for each course on the quarterly report card. This grade will appear on the comment line and will be assessed using the school wide Responsibility Rubric which appears in this handbook. Student behavior will be designated as exceeds standard, meets standard, emerging (approaching standard), or significantly below standard.

SUMMER SCHOOL POLICY
Eligibility for enrollment in summer school is as follows:
- Students must earn a minimum grade of 55 in a course;
- Students who withdraw from a course are not eligible;
- Students who have been absent more than 16 times are not eligible;
- Students who have demonstrated a documented lack of serious effort (including, but not limited to failure to complete homework, participate, or arrive on time) are not eligible; and
- Students with documented instances of repeatedly disrupting the learning process may further be excluded.

The administration reserves the right to test students on the content of materials covered in summer school before accepting credits earned in summer school. Students may take no more than 2 classes in summer school. In extenuating circumstances, if approved by the principal or her designee, a third class may be approved. If a student does not attend summer school, he/she may be tutored for 40 hours in a particular course (please see below for more details). The summer school grade will be listed on the transcript with a notation that it was earned in summer school. Students that fail a class more than once may request a waiver to take that class in summer school from the Principal.

TUTORING TO REMEDIATE ACADEMIC FAILURES
Any student seeking to make up a course failure who earned a minimum grade of 55 may engage a certified teacher to tutor him/her after the school year has ended at his/her own expense. Administrative approval must be given before tutoring begins. Forty (40) hours of tutoring are required to remediate a failure in a 5-credit course. Twenty (20) hours of tutoring are needed for a 2.5 credit course. All tutoring arrangements must be approved by the administration prior to the start of tutoring. Tutoring may not begin until the end of regular classes. The tutor must submit a letter detailing his/her credentials, the time to be spent tutoring, and the subject matter areas to be covered during the tutoring. At the conclusion of tutoring, the tutor must submit a follow-up report detailing tutoring activities before credit is awarded. In addition, the tutor must submit all paperwork created during the tutoring. Seekonk High School reserves the right to test a student following the tutoring to verify the student’s knowledge of the subject material.
EXTRACURRICULAR ACTIVITIES

Students are encouraged to enroll in activities as a means of enriching their high school experience. Some of these clubs may be eliminated during the year due to budgetary issues. Students interested in starting a club or activity must petition the Principal in writing.

Any student who has failed two or more courses in the academic quarter preceding or during an athletic season will be ineligible. All incoming grade 9 students will be eligible for Fall Sports from an academic standpoint, assuming that the student’s physical examination allows for participation. In addition, in order to participate in practice and athletic competition on any given day, a student must be present in school for three periods of that school day. Students are not allowed to practice or compete if they are not present in school, unless permission is given by the building principal or his/her designee.

ATTENDANCE POLICY

The education of children is a responsibility shared by school and parents. Teachers and parents work together to develop basic work habits that are critical to the educational growth and future vocational success of children who study at Seekonk High School. Punctuality is one of these basic work habits, and regular attendance is another.

Classroom instruction provides the most effective learning environment for students, and parents should realize that any circumstances that takes a student out of the classroom will have an adverse effect upon his/her educational progress. It is for this reason that the system cannot look with approval upon absences for non-medical or non-emergency reasons.

We adhere to all Massachusetts Laws concerning attendance.

In particular, the G. L. c. 76, § 2 SPECIFIES THAT A STUDENT UNDER SIXTEEN YEARS OF AGE MAY NOT BE ABSENT MORE THAN SEVEN (7) UNEXCUSED DAY SESSIONS IN ANY SIX MONTH PERIOD. PARENTS ARE REQUIRED UNDER THE LAW TO ENSURE REGULAR SCHOOL ATTENDANCE OF THEIR CHILDREN AND ARE SUBJECT TO A FINE FOR FAILURE TO COMPLY WITH THE LAW.

Students at Seekonk High School are required to be in attendance a minimum of 164 days per year. An IEP or 504 Team may make exceptions to this policy for disability-related absences. Any student whose attendance is less than 164 days may be denied promotion or academic credit. Students may be required to explain absences to an attendance committee, which will convene to review the possible loss of the student’s credit. In order to be recorded as present for the day, a student must enter school no later than 9:56 AM and cannot leave before 11:03 AM.

It is understood that there are occasions when a student may not be able to be in school. We acknowledge the following examples as acceptable excused absences. Documentation for these absences should be turned into the main office on the first day of a child’s return to school.

- Illness, hospitalization, or medical appointment (please note that medical evidence, such as a doctor’s note, may be required);
- Disability-related absences;
- Court appearances;
- Approved school activity;
- Religious holiday;
- Death in immediate family; and
- Pre-approved college visitation: senior maximum three (3) and junior maximum two (2).

During the course of the year, attendance will be carefully monitored. Any student who has missed more than six (6) unexcused days of a class during a semester course may be denied academic credit for that course. Warning letters will be sent home after three (3) unexcused absences per semester, indicating that a student may be in danger of loss of credit. Denial of credit letters will be sent home after seven unexcused (7) absences indicating that a student has lost credit for that class. Any student who has missed more than twelve (12) days of a class during a year-long course may be denied academic credit for that course. Warning letters will be sent home after six (6) unexcused absences indicating that a student may be in danger of loss of credit. Denial of credit letters will be sent home after thirteen (13) absences indicating that a student has lost credit for that class.

The school will notify a parent or guardian of a student who has at least five (5) days in which the student has missed two (2) or more periods unexcused in a school year or who has missed five (5) or more school days unexcused in a school year. The principal or a designee will make reasonable efforts to meet with the parent and student and develop action steps for attendance. The action steps will be developed jointly and agreed to by the principal and student with input from other relevant personnel.

Any student who finds himself or herself in either of these positions may petition the attendance committee and/or principal for a waiver of this attendance policy. Documentation must be presented to account for absences.

Buy-back Option

Students who have surpassed the allotted amount of absences may exercise a “one time” buy-back option. Students may serve a Saturday detention for each class in which they have exceeded the absence limit. They may only do this once per class to make up one absence.

ATTENDANCE REQUIREMENT FOR PARTICIPATION IN EVENTS

Rules and regulations stated in the Student Handbook, plus any other rules or regulations added by the school administration and approved by the School Committee during the year, will apply at all school functions, extracurricular activities, and athletics in order to ensure a safe and pleasant environment.

1. Students who are absent without an approved excuse or suspended from school for any part of the school day may not be in the building or on school grounds, and/or participate in/attend school activities such as dances, athletic events (on or off school property), and other extracurricular activities on the day of the absence, unless permission has been granted by the principal or designee.
2. A student must be present in school the entire school day on the last school day of the week in order to participate in weekend activities sponsored by the school, unless permission is granted by the principal or designee.
3. The administration reserves the right to exclude students based on documented instances of failure to adhere to school policies.
4. See #6 under "Late to School Policy" for additional regulations.

COLLEGE VISITS (PRE-APPROVED)
Students are allowed three excused absences during their senior year in order to attend college visits, provided that a minimum of 24 hours' notice is given to the attendance secretary and proof of the attendance is returned after the college visit. Junior students are also allowed two excused absences for the same purpose. Approved college visit absences will not count toward the number of allowable absences.

DISMISSELS
Students are not permitted to leave the school grounds during the school day without an approved note or telephone call from a custodial parent/guardian. If a student must leave the building because of an illness or for an emergency, he/she must be dismissed through the main office. Students are to remain in the office until dismissed from the office. To be dismissed from school, a student must present a note from his/her parent/guardian at the beginning of the school day to the attendance secretary. Dismissal notes must contain a telephone number where a parent/guardian can be reached for verification of the dismissal and a reason for the dismissal.

EXTENDED ABSENCES
The Seekonk School Department is strongly opposed to the practice of students being removed from school for extended periods of time for reasons other than the student's own illness. It cannot be stressed enough that this practice may be extremely detrimental to a student's academic progress, regardless of his/her grade level. Each child will be responsible for completing missed assignments, as determined by the classroom teacher. Teachers are not responsible for providing work ahead of time that will be missed. If a parent/guardian insists on removing a child(ren) from school despite these possible consequences, the parent/guardian will be required to complete a Pre-arranged Absence Form and seek permission of the principal.

LATE TO CLASS POLICY
Promptness to class is expected. Four minutes between classes is ample time to get from one class to another, unless otherwise provided by a student's 504 or IEP Team.
1. **Excused tardiness:** Each student's tardiness to class is excused if the student presents a pass signed by a faculty member, administrator, school nurse, etc., which identifies a valid reason for the student's late arrival. Examples of valid reasons for tardiness include but are not limited to being detained by a classroom teacher, receiving treatment in the health room, meeting with an administrator in the main office, consulting with a counselor, etc.
2. **Unexcused tardiness:** A student's tardiness to class is unexcused if he/she has no valid reason for his/her late arrival and, therefore, cannot present a pass signed by a faculty member, administrator, school nurse, etc. A student is tardy when he or she is not in the room when the bell stops ringing. Teachers are expected to record a student's tardiness to class. Each teacher will maintain a classroom log sheet to record tardiness and other student traffic during a period. Each teacher will assign teacher detention as needed before an office referral for the unexcused tardiness. The penalty for being late to class is one detention for each teacher referral (1st offense = 1 detention, 2nd offense = 2 detentions, etc.)

LATE TO SCHOOL POLICY
For safety purposes, all outside doors will be locked at 7:25 A.M., the beginning of first period. The first bell rings at 7:20 am and students are expected to make their way to class at this time. Any student not in his/her first period classroom at 7:25 am will be considered tardy. If the student has a doctor's appointment, court appointment, or bereavement, the lateness will be excused. Other requests for excused tardies can be submitted to an administrator for approval.
1. Any student who arrives to school after 9:56 AM or dismissed before 11:03 AM and does not have a doctor's note, court documentation, bereavement, or other excused tardy will be excluded from participation in their next extra-curricular activity which may include, but is not limited to, athletic contests, dances, and the prom.
2. Students will receive an Office Detention for every tardy past four and those who accumulate eight tardies will receive a Saturday Detention. A formal notice is sent home for each detention with the policy attached.
3. Students who accumulate seven tardies are expected to have their parents communicate (via phone, in person, or email) with an administrator. Additional, formal communication will be scheduled once a student reaches their 14th tardy.
4. Students who accumulate 9 tardies during a semester will lose their extracurricular eligibility for the remainder of the semester. Extracurricular activities include sports, clubs, dances, etc. Students will be ineligible for membership on athletic teams and clubs, and attendance at school sponsored activities including the prom, other dances, and end of the year activities. This policy will restart each semester.
MAKING UP MISSED WORK
In the case of short-term (up to and including three days) absences, one (1) to three (3) days will be allowed for make-up. Make-up for extended absences will be at the discretion of the classroom teacher with the goal of completing all make-up work within two weeks.

REPORTING ABSENCES FROM SCHOOL
The school must be contacted by telephone at 508-336-7272 on the day a student will be absent; no notes for absences will be accepted without a telephone call. The attendance secretary will contact the home of every student who is absent if the parent/guardian does not contact the school.

TRUANCY
If a student willingly misses school or class for an unexcused reason, no make-up work will be allowed. If any situation should arise where the reasons for a student’s absence is in question, a parent conference will be held with the principal or her designee. Finally, the responsibility for proper conduct in school rests with the parent/guardian and student. The school committee recognizes its responsibility to provide whatever services are needed to assist the parent/guardian in meeting his or her obligations, but maintains that the school cannot and should not attempt to do this alone.

- SCHOOL RULES AND POLICIES
Students are expected to respect and meet the behavioral expectations and regulations of the school. While attending school events and/or field trips off school grounds, all school rules will continue to apply. Unless it is otherwise stipulated in a student’s IEP or 504 Plan, all students shall be subject to all rules, regulations, and disciplinary procedures of the school.

Student expectations include, but are not limited to refraining from:
- Speech and conduct that creates a risk of substantial and material disruption or disorder of the educational process and/or the rights of other students, school employees, and persons not employed by the school.
- Harassment or discrimination of others based on race, color, disability, homelessness, sex, age, gender, gender identity, sexual orientation, or religion.
- Damaging, stealing, or attempting to steal school property or the property of others.
- Possessing weapons, drugs and/or alcohol on school grounds or at school sponsored events.

SEEKONK HIGH SCHOOL ACADEMIC INTEGRITY POLICY
Academic integrity is an essential element of Seekonk High School’s philosophy and practice of promoting academic excellence. The ethics of responsibly documenting the ideas of others and honesty must be taught, learned, and adhered to if an academic institution is to be successful. Therefore, an honor code and consequences for violating the honor code must be established. Once the student is in a university, college, or the workplace, any form of dishonesty will result in serious penalties such as course failure, expulsion, job loss, etc. Cheating, dishonesty, and plagiarism will not be tolerated in Seekonk High School.

Cheating is defined at Merriam-Webster.com as: “To practice fraud or trickery; to violate rules dishonestly.”

Therefore, cheating includes, but is not limited to:
- Taking, stealing, and/or using an assignment from someone else and submitting it as one’s own;
- Allowing another to take and/or use an assignment to submit as his/her own;
- Looking at another’s test or essay with or without his consent for the purpose of duplicating that work and submitting it as one’s own;
- Representing as one’s own the work or words of a parent, sibling, friend, or anyone else;
- Discussing or revealing the contents of a test or quiz with students who have not completed the assessment;
- Unauthorized use of teacher test materials, answer sheets, computer files, or grading programs;
- Using any type of “crib/cliff notes” on one’s person, an object, or programmed within graphing calculators, cell phones, or other electronic devices without teacher permission;
- Receiving answers for assignments or exams from any unauthorized source;
- Working on assignments with others when not authorized by the instructor;
- Copying from other students during an exam; and
- Giving answers to another student for an assignment or exam.

Dishonesty is defined at Merriam-Webster.com as: “Lack of honesty or integrity; disposition to defraud or deceive.”

Therefore, dishonesty includes, but is not limited to:
- Agreeing with other students to commit academic dishonesty;
• Falsification of results from research or laboratory experiments; and
• Written or oral presentation of results from research which was never performed.

Plagiarism is defined in Webster’s New International Dictionary of the English Language as:
“To steal or purloin and pass off as one’s own the ideas, words, artistic productions of another; to use without due credit the ideas, expressions or productions of another.”

The MLA Style Manual and Guide to Scholarly Publishing further defines plagiarism as:
“Forms of plagiarism include the failure to give appropriate acknowledgments when repeating another’s wording or particularly apt phrase, paraphrasing another’s argument, and presenting another’s line of thinking. You may certainly use other person’s words and thoughts, but the borrowed material must not appear to be your creation. In your writing, then, you must document everything you borrow, not only direct quotations and paraphrases, but also information and ideas.”

Plagiarism.org indicates: “Plagiarism is the improper use of, or failure to give credit to another person’s writing, visual or musical representation, or ideas. It can be an act as subtle as inadvertently neglecting to use quotation marks or references when using another source or as blatant as knowingly copying an entire paper, or parts of a paper, and claiming it as your own.”

Therefore, plagiarism includes, but is not limited to:
• Directly quoting or paraphrasing all or part of another’s written or spoken words without notes or documentation within the body of a work;
• Presenting an idea, theory, or formula originated by another person as the original work of the person submitting that work;
• Purchasing or receiving in any other manner a term paper or other assignment that is the work of another person and submitting that assignment as the student’s own work; and
• Repeating information, such as statistics or demographics, which is not common knowledge and which was originally compiled by another person, without giving explicit credit to that person via appropriate citation.

Turnitin.com indicates: “The Web’s more interactive “Web 2.0” evolution has created an environment that encourages information sharing and values the remixing and remaking of original content. In this environment, plagiarism is easier to commit and originality more difficult to define. Increasingly, the lines of what constitute plagiarism are blurring as the Internet reshapes culture and education. It is imperative that within this culture, writers, academics, and students have a clear sense of what constitutes plagiarism.”

Therefore, at Seekonk High School, we believe that:
It is each teacher’s responsibility to provide:
• An assignment sheet with explicit requirements and directions
• A clear method of assessment.
• Opportunities to support students during the process.

It is each student’s responsibility to:
• Meet checkpoint deadlines
• Ask questions and to seek help from teachers and librarian
• Follow the Seekonk High School research and citation guidelines format (MLA and APA) per teacher direction accurately and appropriately (ex. including a work cited page)
• Submit only his or her own work

Plagiarism, Cheating, Academic Dishonesty Violations
If a teacher believes a student may have violated the Academic Integrity Policy, he/she is expected to refer the issue (with proof) to the Assistant Principal. The Assistant Principal will assess the referral to determine the need to convene the Academic Integrity Committee. This committee will consist of the Assistant Principal, Librarian/Media Specialist, appropriate Department Chair, Guidance representative, Special Education liaison (if applicable), and the referring teacher. The committee will meet to both confirm the teacher’s suspicion of violation of the Academic Integrity Policy and determine options for the student to learn from his/her error in judgment. Violations may result in, but are not limited to, academic consequences (grade reduction), behavioral consequences (detentions/suspensions), or a combination of both academic and behavioral consequences.

This policy was compiled based upon the academic integrity, research integrity, plagiarism policies, and survey results from the following:

**BEFORE / AFTER SCHOOL HOURS**

The building will be open at 7:00 am daily. No students are allowed in the building before 7:00 am. Academic extra help is offered after school and before sports begin practices at 2:30 pm. Students should not be in the building after 3:00 pm without a valid extracurricular or academic reason. No supervision is available for students after 3:00 p.m. Students waiting for a ride home at the end of the day must wait in the lobby vestibule next to the main office.

**BUSING**

Students may not ride another bus, other than their regularly assigned bus, without a note written by a parent and approved by an administrator. Students are expected to abide by school rules while on the bus.

**CORRIDORS**

The passing period provides adequate time to go directly to the next class, but not adequate time for loitering or socializing. Students should move through the corridor without delay and enter classrooms so that other students may move unhindered through the corridor. Students are expected to be considerate of others in the hallway. Running in the corridors, displaying affection overtly, and shouting and uttering profanities are not acceptable behaviors in the hallways.

**DANCE POLICY AND PROCEDURES**

1. Students bringing guests to proms and dances must have a contract signed by the student’s parent and approved by the administration before purchasing tickets. Students are not allowed to switch tickets without the approval of the faculty member sponsoring the dance.
2. Tickets are not sold at the door for any dances.
3. Students must arrive at the dance within 30 minutes of start time and stay until 30 minutes before the end time unless they have received prior permission from the administration.
4. Students and guests who violate school rules at a dance are subject to exclusion from future events.
5. Guests in excess of 20 years of age are not allowed to attend dances.

Students are prohibited from using, possessing or being under the influence of alcohol on school property or at school-related functions. Therefore, it is the policy of the Seekonk School Committee to permit the use of a *Breathtalyzer* to detect alcohol use at any school-related functions as deemed appropriate by the building Principal when there is a reasonable suspicion of alcohol use. If the results of this test are positive, a second test using a different portable unit will be administered. If this second test is failed, a third test will be administered.

If this test is positive the student will be:
1. Denied admission to the event;
2. Held by the school until a parent or guardian picks them up; and
3. Suspended from school in accordance with policy.

**ALL STUDENTS AND GUESTS REGARDLESS OF AGE ARE TO ADHERE TO THE NO DRINKING POLICY.** Students are reminded that the possession of alcoholic beverages on school property violates state law and carries a penalty of imprisonment for not more than thirty (30) days or by a fine of not more than $100 or both.
DRESS CODE
Wearing clothing that creates a risk of substantial and material disruption or disorder within the school or that violates reasonable standards of health, safety, and cleanliness is not acceptable. Student athletes are encouraged to wear uniforms to school on game days as long as they comply with the overall dress code. Any student who wears an unacceptable item will be asked by a staff member to change or cover-up the article of clothing. Students who refuse to remove or cover the item will be referred to the Main Office.

Examples of unacceptable attire include, but are not limited to:

* Blouses, shirts, sweaters, halter-tops, tube-tops, shoulderless tops, tank tops, T-back shirts, muscle shirts and midriff shirts that do not cover the stomach, back, chest or undergarments.
* Low riding pants, jeans that display undergarments. Clothing made of see through material.
* Revealing shorts, “pencil skirts,” or skirts - Legs should not be exposed above fingertip length when a student stands with arms fully extended downward.
* See through or tightly accentuating stretch lycra, spandex, tights, leotards, yoga pants, bike pants, leggings or jeggings without the coverage of a long skirt, shorts or skirt that meet all provisions regarding clothing length
* Clothing depicting alcoholic substances, illegal substances or inappropriate images. Clothing with inappropriate slogans or wording.
* Pajamas, slippers, etc.
* Clothing with spikes or chains of any kind. Metal taps or cleats on shoes and shoes with wheels.
* Clothing with holes (including pants) which expose areas of the body that should be covered under other provisions or clothes with excessive rips.
* Hats, caps, visors, bandannas, hoods, and other forms of outdoor headgear.
* Jackets and outerwear coats are not to be worn during the day except for medical reasons. (Administrators can waive this if building conditions warrant warmer clothing)
* Sunglasses unless required for certified medical reasons.

Repeated violations of the dress code will result in disciplinary action.

FOOD AND DRINK

Students are not to carry/consume any food or beverage (with the exception of water in a clear / see through container) in the hallways or classrooms during the school day, unless otherwise provided by a student’s 504 or IEP Team (e.g., diabetic students). Students are not allowed to order food from outside the school during the school day.

ELECTRONIC DEVICES & CAMERAS
Laser pointers are not to be brought into or used within the building. Cell phones, CD players, MP3 players, lPods, smart watches or headphones of any type are only allowed to be used in the cafeteria and halls during school hours because they are not conducive to good study habits or a positive school environment when used in the classrooms for non-educational purposes. The previously mentioned electronic devices should not be visible at any time in classrooms unless otherwise allowed by a staff member and used for educational purposes only. Smart watches will be treated the same as cell phones.

Students are NOT to voice record, to take photographs or video/audio record etc. It is inappropriate, and can be illegal, to audiotape staff members, students, parents, etc. in the school environment without the express consent of those individuals. The Seekonk Public Schools may take disciplinary action against any student who audio tapes without express authorization by the Superintendent or the building Principal.

Excessive use of these devices that causes a disruption or disturbance in the hallways will result in disciplinary consequences up to and including prohibition of the student having a device on his/her person at any point during the school day. All cell phones are to be left in the classroom when students leave the room during class. Violations of this policy will be considered Failure to Follow Valid Directive / Insubordination.

Electronic Devices - Testing / Assessments. The following will be prohibited during testing at SHS to remain consistent with other assessment testing during the year:

Cellphones, smartphones & any devices (including digital watches) that can be used to record, transmit, receive, or play back audio, photographic text, or video content.

All devices are required to be in the device holder throughout the assessment period.
FORGERY
Altering any form of communication with the intent to deceive shall be considered forgery. This includes, but is not limited to: absence calls, emails, school passes, absence notes, dismissal notes, progress reports, and/or report cards.

HALL PASSES
Any student leaving a classroom must sign out and receive an official hall pass that is kept clearly visible when the student is in the halls during class time.

NONDISCRIMINATION
According to G.L. c. 76, § 5, no person shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and courses of study of such public school on account of race, color, sex, gender identity, religion, national origin or sexual orientation. Additionally, pursuant to Federal and state law, no person shall be discriminated against on account of disability, homelessness, or age. This prohibition does not prevent the Seekonk Public Schools from making age qualifications for entering and attending school or participating in extracurricular activities.

The Seekonk Public Schools further does not deny equal access to or a fair opportunity to meet, or discriminate against, any group officially affiliated with the Boy Scouts of America, or any other youth group listed in Title 36 of the United States Code as a patriotic society.

The District will reasonably accommodate and modify the policies in this Handbook for individuals with disabilities when necessary to ensure that individuals with disabilities have an equal opportunity to access and participate in the programs of the District and to ensure that students with disabilities receive a free and appropriate public education. If a student or other individual requires a reasonable accommodation or modification to a policy or procedure, please contact the student’s Team Chair or the Director of Pupil Services.

This policy extends to students, staff, the general public, and individuals with whom the school does business.

It will be a violation of this policy for any student, district employee or third party based on a student’s, employee’s or third party’s actual or perceived race, color, creed, ethnicity, religion, national origin, sex/gender, disability, sexual orientation, gender identity, homelessness, or age to: (1) harass a student, district employee or third party through conduct or communication (e.g., physical, verbal, graphic or written); or to (2) inflict, threaten to inflict or attempt to inflict violence; or to (3) discriminate against or treat differently a student, district employee or third party.

This policy applies to all of the academic and nonacademic (for example, athletic and extracurricular) programs of the district and will be enforced before, during, or after school hours on all school property, including the school bus, school functions, and/or events held at other locations. The policy also applies to all off-campus conduct that causes or threatens to cause a substantial and material disruption at school, or interferes with the rights of students, employees or third parties to be free from a hostile school or workplace environment, taking into consideration the totality of the circumstances on and off campus.

HARASSMENT AND NON-DISCRIMINATION PROCEDURES

INVESTIGATION PROCESS
It is the policy of Seekonk Public Schools to maintain a learning environment that is free from harassment or discrimination of any kind, including sexual harassment. It is a violation of this policy for any member of the school community to harass or discriminate another individual as outlined in this policy. Any allegation of harassment or discrimination will be investigated, and, if a violation of this policy is substantiated, disciplinary action will be taken. All reports of harassment or discrimination shall be investigated promptly, impartially and in a manner which will preserve the confidentiality of all concerned to the extent practicable under the circumstances.

Any employee, student or third party who believes that he or she has experienced harassment, violence or discrimination on the basis of his or her actual or perceived race, color, creed, ethnicity, religion, national origin, sex/gender, disability, sexual orientation, gender identity or age or who has witnessed or learns about the harassment, violence or discrimination of another person in the school environment, should inform the principal of the relevant school site or appropriate discrimination/harassment complaint official immediately or as soon as possible.
Harassment and discrimination are banned, not just at school during school hours, but also before or after school hours on all school property, including the school bus, school functions, or at school events held at other locations. The policy also applies to any off-campus conduct that causes or threatens to cause a substantial and material disruption at school, or interferes with the rights of students or employees to be free from a hostile school environment taking into consideration the totality of the circumstances on and off campus.

Harassment is defined as unwelcome conduct that creates a hostile environment. Harassing conduct may take many forms, including but not limited to verbal acts and name-calling, as well as nonverbal behavior that is physically threatening, harmful, or humiliating. Conduct is unwelcome if the student or employee did not request or invite it and considered the conduct to be undesirable or offensive.

Sex-based harassment includes both sexual harassment and gender-based harassment.

Sexual Harassment is defined in G.L. c. 151B, § 1 as Unwelcome sexual advances; requests for sexual favors; or other verbal or physical conduct of a sexual nature may constitute sexual harassment where:
- Submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of an person’s employment or educational development.
- Submission to or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
- Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or educational performance by creating an intimidating, hostile, humiliating, or sexually offensive work or educational environment.

Gender-based harassment includes acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, although they are not necessarily sexual in nature, including harassment based on gender identity and expression. Gender-based harassment includes, but is not limited to, harassment based on the person’s nonconformity with gender stereotypes, regardless of the actual or perceived sex, gender identity, or sexual orientation of the harasser or target of the harassment.

Harassment Reporting Responsibilities

Everyone in the school community is responsible for immediately reporting incidents of harassing, discrimination and/or retaliation, by anyone, in any form, that are directed at or witnessed by them at school or school sponsored event. Failure to cooperate with an investigation of such an incident may result in disciplinary action. Deceptive reporting may also be subject to a disciplinary response.

When to Report:
- If you are a target or victim of violations to the anti-harassment policy;
- If you are a witness to violations of the anti-harassment policy;
- If you see insulting or dehumanizing graffiti or other visual displays; and/or
- If you have other reasons to believe that there may have been a violation of this anti-harassment policy. This could include hearing re-occurring gossip about a possible incident or incidents.

An individual may report to either the principal of the relevant school site or appropriate discrimination/harassment complaint official at his or her discretion. Students may additionally report incidents that they believe involve harassment or discrimination to their guidance counselor, any teacher, administrator or any member of the support staff; and the staff member will refer the complaint to the principal or the district complaint official.

The discrimination/harassment complaint officials for the Seekonk Public Schools are the principals of each building and the following individuals on a district wide level:

**Title I of ADA**
Principal of Martin Elementary School

Fax: (508)336-0309

**Title III & VIII**
Finance Administrator

Seekonk, MA 02771
(508)399-5016
Although Seekonk Public Schools encourages a written complaint, use of a formal reporting requirement is not required. Oral reports will be considered complaints as well.

Seekonk Public Schools will promptly (within 48 hours) determine whether the alleged victim wants to utilize formal or informal procedures and, if the alleged victim chooses formal procedures, begin to investigate every complaint of harassment, discrimination or violence.

Confidentiality of the complaint and investigation will be maintained to the extent consistent with the school's obligations under law and under applicable collective bargaining agreements. The grievance officer or discrimination/complaint official will inform witnesses and others involved in the resolution process of the importance of maintaining confidentiality, but will not issue any gag orders to the alleged victim or aggressor.

Complaints between the alleged victim and the alleged perpetrator may be handled two ways: through an Informal or a Formal Procedure.

The informal process is entirely voluntary and the complaints can opt out at any time and trigger the formal complaint process.

In certain cases, the harassment of a student may constitute child abuse under state law. Seekonk Public Schools will comply with all legal requirements governing the reporting of suspected cases of child abuse and will report suspected criminal activity to the appropriate authorities.

PROCEDURES FOR FILING A COMPLAINT

INFORMAL

It may be possible to resolve a complaint through voluntary conversations between the alleged victim and the alleged perpetrator, which will be facilitated by a school employee or by a designated discrimination/harassment complaint official. If, the alleged victim or alleged perpetrator is a student under the age of eighteen (18), the facilitator will notify the student's parent(s)/guardian(s) if, after initial consultation with the student, it is determined to be in the best interest of the student. If, the alleged victim and the alleged perpetrator feel that a resolution has been achieved, then the conversation remains confidential and no further action needs to be taken. The voluntary conversation must occur within five (5) workdays after receiving the complaint of discrimination or harassment. The results of an informal resolution shall be maintained by the facilitator, in writing.

FORMAL
Step 1
The grievance officer or the discrimination/harassment complaint official shall within forty-eight (48) hours of receiving the complaint or the termination of an unsuccessful informal resolution process, meet with the complainant and/or alleged victim (if they are different) by telephone or in person. The grievance officer or the discrimination/harassment complaint official will complete a discrimination/harassment complaint form based on the written or verbal allegations of the alleged victim within forty-eight (48) hours of meeting with the complainant. The complaint form will be maintained by the grievance officer or the discrimination/harassment complaint official.

Step 2
A prompt investigation shall be completed by the grievance officer or the discrimination/harassment complaint official within thirty (30) work days from the date of the complaint or report, unless impracticable. If the grievance officer or the discrimination/harassment complaint official anticipates that there may be discipline due to the allegations, he or she will provide written notice of the investigation to the alleged perpetrator before conducting an interview of the alleged perpetrator.

The investigation may, as appropriate, consist of personal interviews with the alleged victim, the reporter (if different than the alleged victim), the individual(s) against whom the complaint is filed, and any other individuals who may have knowledge of the alleged incidents(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the grievance officer or the discrimination/harassment complaint official.

The alleged victim and the individual(s) against whom the complaint is filed have the opportunity to present witnesses and information to the grievance officer or the discrimination/harassment complaint official that they deem relevant. Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Step 3
The grievance officer or the discrimination/harassment complaint official shall document his or her findings. The grievance officer or the discrimination/harassment complaint official shall send the written report of the findings to the Superintendent, alleged victim, and alleged aggressor, unless the alleged victim agrees in writing to extend the timeline.

The report shall include:
  a) a statement of the allegations investigated;
  b) a summary of the steps taken to investigate the allegations;
  c) the findings of fact based on a preponderance of the evidence gathered;
  d) the District’s conclusion of whether discrimination, harassment or violence did or did not occur;
  e) the disposition of the complaint;
  f) the rationale for the disposition of the complaint; and
  g) if the District concluded discrimination, harassment, different treatment or violence occurred, a description of the District’s response. However, please note that in Title IX and Title VI investigations all discipline of the alleged aggressor will be kept confidential from the alleged victim unless it directly relates to the alleged victim (e.g., alleged victims will be notified of stay-away orders).

The grievance officer or the discrimination/harassment complaint shall determine whether the allegations have been substantiated as factual and whether they appear to be violations of this policy, using a preponderance of the evidence standard. A “preponderance of the evidence” means that it is more likely than not that the alleged conduct occurred. The grievance official shall further recommend what action, if any, is required. If it is determined that harassment, discrimination or different treatment occurred, the District will take steps to prevent the recurrence of the harassment, discrimination or different treatment and correct its discriminatory effect on the alleged victim and others if appropriate.

Formal disciplinary actions may be imposed in the event that the preponderance of the evidence indicates an alleged violation, up to and including suspension. Any disciplinary action will be in accordance with due process rights under State law and any applicable collective bargaining agreement.

The following level system is intended to be used as a guideline pertaining to possible offenses. It is not designed to be all-inclusive or

Step 4

The grievance officer or the discrimination/harassment complaint official and/or Superintendent shall maintain the written report of the investigation, findings and disposition.

The district will contact the individual harassed within fourteen (14) work days following the conclusion of the investigation to assess whether there has been ongoing harassment or retaliation and to determine whether additional supportive measures are needed.

INTERIM MEASURES

Seekonk Public Schools shall take immediate steps to protect the alleged victim, alleged perpetrator, witnesses, and the larger school community pending the completion of an investigation or the informal process and address any ongoing harassment or discrimination. The District will take interim measures to prevent retaliation against the reporting student and minimize the burden of such measures on complainants.

In the case of alleged sexual assault, the grievance officer or the discrimination/harassment complaint official will take additional steps as necessary, for example, referring the student to a rape crisis center, creating a safety plan and/or designating an individual at the site level to act as a support person during the investigation.

RETAIATION
Complainants and those who participate in the complaint resolution process or who otherwise oppose in a reasonable manner an act or policy believed to constitute discrimination are protected from retaliation by law and District policy. The grievance officer or the discrimination/harassment complaint official will inform all involved individuals that retaliation is prohibited, and that anyone who feels they have experienced harassment, coercion, intimidation, or discrimination for filing a complaint or participating in the resolution process should inform the grievance officer or the discrimination/harassment complaint official. The District will investigate reports of retaliation and, where retaliation is found, take separate remedial and disciplinary action.

More detailed information on the harassment policies and procedures can be found at the Seekonk Public Schools Harassment/Discrimination Policies and procedures online or at the schools office.

Individuals who believe that they have been subjected to harassment based upon legally protected classification should also be aware that they may contact the Massachusetts Department of Elementary and Secondary Education, 75 Pleasant Street, Malden, MA 02148-5023, telephone (781) 338-3300 or US Department of Education, Office of Civil Rights (OCR), 8th Floor, 5 Post Office Square, Boston, MA 02109-4557, telephone (617) 289-0111.

HEALTH ROOM POLICIES
The Health Room is open during school hours. Students must obtain a pass from a teacher or an administrator to visit the Health Room. Only the school nurse or administrator, who has been delegated and trained to administer medications pursuant to school policies, may administer medication, unless the student has been approved for self-administration of medication.

UNDER NO CIRCUMSTANCE SHOULD ANY STUDENT BE CARRYING ANY MEDICATIONS TO AND FROM SCHOOL. THIS INCLUDES ON THE BUS, IN BACKPACKS AND IN THE HALLWAYS. The only exceptions to this would be in the case of inhalers, enzyme supplements for cystic fibrosis, glucose monitoring tests and insulin delivery systems for diabetes, and epinephrine pens, after following the procedures to allow the student to self-administer medication. Other requests for students with disabilities to self-administer medications may be directed to their 504 or IEP TEAMs, or to the school nurse.

All accidents, injuries or illnesses must be reported.

Allergy and Medication Policies are available in all administrative offices.

K-9 SEARCH POLICY – SEEKONK HIGH SCHOOL
Seekonk High School Administration is committed to providing students with an environment that is free of drugs and other contraband. In order to reinforce the message that drugs and other contraband will not be tolerated in school, the High School principal may conduct searches of the building for such items using the assistance of Seekonk Police Department, the Sheriff’s Office, Massachusetts State Police, and canines (K-9’s) trained for such searches.

Because parking on school grounds is a privilege, students’ motor vehicles parked on school grounds can be searched at any time by canines.

The school administration will generally rely on the Seekonk Police Department or other law enforcement agencies to provide canines for searches. If canines from other agencies/organizations are used, steps will be taken to ensure that their reliability and accuracy have been established.

Search Procedures
1. Each canine will be accompanied at all times by a qualified and authorized trainer who will be responsible for the dog’s actions. (One or more administrative staff members will be assigned to accompany each canine unit).
2. Arrival of the canines and handlers will be coordinated so that the search begins immediately upon their arrival.
3. Depending upon the area to be searched, a non-classroom area will be designated as the place to which the canine and handler will report in case the search has to be aborted, i.e. in the case of a fire alarm.
4. Just prior to the beginning of the search, the administration will inform teachers in search area to close their doors and keep students inside the rooms until further notice. If a student needs to leave for an emergency, he/she will be escorted away from the area by an administrator.
5. Canines and handlers will work only within areas designated by the principal. No variations will be permitted.
6. If during the search the canine indicates on a locker area, backpack, or motor vehicle, or other particular area, administrators will mark the item with a sticker and record time, place, identifying number, license plate number or parking permit number. Lockers on either side of the indicated locker will also be searched.

26
7. When a locker, backpack, or motor vehicle has been indicated, an administrator will make every effort to keep it under supervision until the search is completed.

8. At the conclusion of a search, a school administrator will be responsible for determining whether to conduct a more thorough search of the specific item/area where the canine indicated. Generally, indication on a locker by a canine will be considered sufficient basis for searching both that locker and the locker on each side of it.

9. If contraband is not found where a canine has indicated, the parent and student will be so notified.

10. If contraband is found, the student will be afforded due process as provided by the school handbook prior to any disciplinary action.

11. School officials will refer students suspected of criminal activity to the police.

The above considerations and procedures are designed to serve merely as guidelines when conducting canine searches at the High School. Whether or not set forth in the Guidelines, the Principal/designee is authorized to take the steps necessary to effectively respond to circumstances as they may arise, so long as the steps comply with basic legal principles governing the search of students and their belongings in a school setting.

LOCKERS

Students are not allowed to carry hats or laptops during the school day. Hats are to be stowed in lockers. Each student will be provided with a locker and given a combination lock. If the combination lock is lost, it is the responsibility/obligation of the student/parent to pay restitution for a replacement lock. It is advised that students keep this combination confidential and consistently lock their lockers. Despite keeping a confidential combination, students are advised that they do not have any reasonable expectation of privacy in their lockers, and should not expect to be able to keep contraband hidden therein. Students must keep this lock for the duration of their high school career. The school will not be held responsible for lost texts, equipment and/or personal items that are stolen or missing. It is recommended that students leave their valuables at home or in their locked cars.

SCHOOL LUNCH

Seekonk High School is required to make available lunch for students. That lunch does not need to be provided within the lunchroom. Seniors who exhibit acceptable behavior during lunch and throughout the school day are allowed to eat lunch outside. This is a privilege reserved for seniors only. Students who have violated school policies may be required to serve a detention during their lunch period in an alternative location. Failure to pay lunch bill will lead to the fee becoming an outstanding obligation to the school. Students from families with income at or below 130% of the poverty level are eligible for free lunches, and those between 130% and 185% of the poverty level are eligible for reduced-price lunches.

OBLIGATION LIST

Obligations to Seekonk High School for the purpose of this handbook include, but are not limited to, text books, library books, detention hours, and materials fees. It is important that part of the learning process include responsibility and accountability for fulfilling one's obligations. Therefore, students who do not fulfill their obligations to Seekonk High School by the designated times will receive consequences. Specifically, students who have outstanding obligations will be restricted from the following:

- participation in or attendance at any extracurricular activity including Spirit Week;
- all sports;
- all dances (including prom); and
- participation in graduation ceremony.

The administration holds the right to assign additional, appropriate consequences based upon the circumstance if necessary. Obligations, as well as their consequences, carry over from year to year.

PARKING POLICY

The speed limit in the school parking lot is 10 M.P.H. General rules of safe motor vehicle operation must be adhered to at all times. Students may lose the privilege to park in the school parking lot if they have excessive violations of the discipline code. Students who park in areas designated for faculty/staff or restricted will first be asked to move their cars. Subsequent violations may result in detention, loss of parking privileges, or towing. Morning student drop off location is the main entrance. No students are allowed to be dropped off before 7:25 a.m. at cafeteria entrance for safety reasons.

SEARCH OF LOCKERS AND STUDENT VEHICLES

The locker is school property and consequently, all its contents may be searched by school administrators. Students are advised that they have no reasonable expectation of privacy in their lockers. A student's vehicle is subject to search upon reasonable cause to believe contraband such as drugs, alcohol, or weapons may be found in the vehicle.

SECURITY

The Administration has instituted measures to protect the safety and security of the high school students. These measures include
video surveillance, locking the outside doors during the school day, checking on visitors to the building, and reducing traffic in the corridors during the school day. All visitors must check into the main office to procure a visitor's pass.

**STUDENT IDENTIFICATION**
Students will be issued a School Identification card. It is the expectation that students will have their identification cards on their person at all times. Violators will receive a conduct referral and be sent to the office.

**TEACHER’S PRESENCE**
A teacher’s authority and responsibility exists within and outside the classroom on school property and when he/she volunteers at off-campus, school-sponsored events. Teachers who are monitoring school hallways, cafeteria, or other school sites are acting on behalf of the principal and must be accorded the same respect and courtesy as teachers in the classroom. Students who fail to give their names to teachers when asked will be subject to disciplinary action. Students are also expected to comply with reasonable requests made by teachers. Failure to do so will be considered insubordination.

**TECHNOLOGY, RESPONSIBLE USE, AND INTERNET SAFETY POLICY**

Students are required to read, sign-off, and abide by this policy set forth by Seekonk Public Schools. Please click the links to access the Technology, Responsible Use, and Internet Safety Policy along with the Access to Technology Resources Student Contract.

**VISITORS**
Only with express written permission of the principal will students be allowed to bring a visitor to school. This should be arranged in advance with the principal. While parents and guardians are very welcome to come visit our school, advance notice is requested to avoid any conflicts of activities and the duration of a visit may be limited to ensure the safety of students or to protect confidential student information. Please note that parents and visitors are not allowed to contact teachers or pupils during school hours, except at the discretion of the principal. Parents should make arrangements in advance for conferences with teachers. Visitors are expected to report to the main office for a visitor pass and respect all school rules.

**DISCIPLINE PROCEDURES**
The School Committee and the administration expect students to respect and obey the rules and regulations of the school. Therefore, all disciplinary actions and procedures are directed toward serving educational ends. Those who enjoy the privileges and rights the school provides must also accept the responsibilities, including respect for, and compliance with, school rules.

For these procedures, where it says principal, it means principal or a designee of the principal

**IN GENERAL:**
Seekonk High School is committed to creating a school climate that is both disciplined and supportive to students and staff members in an effort to facilitate the best opportunities for teaching and learning. All violations of local, state or federal laws will be reported to the police department. All students are required to obey school rules and classroom rules which are delineated in this handbook. Students may be subject to detention, suspension, or expulsion as described in this handbook, consistent with state and federal law. Other components of Seekonk High School's progressive discipline structure include, but are not limited to: counseling or other psychological/psychosocial services; conflict resolution and problem-solving skills; adjusted standards for learning and behavior; appropriate, increased supervision; customized instruction; and family involvement. Additionally, students may be excluded from class, school field trips, dances, athletic competitions, and other school-related activities due to unsafe behaviors or disciplinary infractions at the discretion of the school administration.

Consequences for infractions are at the discretion of the administrator provided that the consequences are compliant with state and federal law. Ultimately, Seekonk High School is dedicated to keeping students connected to school and therefore, at times, must appropriately adjust consequences in an effort to keep students learning, while still holding them accountable for their actions. In determining the appropriate consequence, the administrator may consider mitigating and aggravating circumstances such as:

Existence of, and/or severity of, injury to person(s), damage to property, and/or disturbance or significant disruption of the school;
Situations which create safety risks and/or participation in dangerous activity;

28
Consideration of the vulnerability of the victim;
Consideration of a student acting alone or in concert with others;
Disciplinary offense which also include unlawful conduct, such as sexual harassment;
Preliminary;
Consideration of the lapse of time (or interim progress) between offenses; and
Situations in which upperclassmen have involved younger students in a violation; and/or whether multiple infractions occur with the same incident.

This list is not exhaustive; other aggravating and mitigating circumstances may or may not be considered at the discretion of the administrator determining appropriate disciplinary consequences.

DETENTION
Teacher detention sessions are held Monday through Friday at the discretion of the teacher assigning the detention. Due transportation after detention will not be provided. Failure to serve the detention will result in additional consequences. Students who are assigned detention will be given a one day notice unless the teacher and student agree otherwise.

Office Detentions will be held on various days from 2:05 - 2:50 P.M. Students who are assigned detention will be given a one day notice and must report to the detention on the day assigned. Failure to do so will result in additional consequences. Students are responsible for arranging transportation. Office detention takes precedence over working, athletics, babysitting, etc. Teacher detention takes precedence over office detention. Students must produce documentation from the teacher in such instances.

Saturday detention is held from 8:00 - 11:00 as needed throughout the school year. Saturday detention will be assigned when it is determined by an administrator that a violation of a policy in this handbook warrants more than office detention and less than a suspension.

In-School Support
In-School Support is a disciplinary program that removes the student from the classroom setting and places him/her in a temporary alternate setting where he/she will receive work from classes they are missing. Students therefore have the opportunity to make academic progress while in In-School Support. This program will be utilized as an intermediate step between detention and out-of-school suspension. If a student does not rectify his/her behavior in this program, he/she will be suspended externally and, upon return, be required to make up the initial time assigned to the In-School-Support program.

Prior to assigning a full day of In-School Support, the school administration will inform the student of the disciplinary offense with which he or she is charged and provide the student an opportunity to dispute or explain the circumstances surrounding the incident. After communicating with the student, the administration will inform the student whether In-School Support is being assigned, and if so, for what length of time. If a student is placed in In-School Support for more than ten (10) days, consecutively or cumulatively, during a school year, this placement shall be deemed a long-term suspension for due process, appeal, and reporting purposes. The school administration will then immediately make reasonable efforts to orally notify the student’s parent/guardian of the In-School Support. A written notification of the In-School Support will then be sent to the parent/guardian, which will include an offer to meet with the parent/guardian to discuss the student’s current performance and behavior in school, strategies for student engagement, and possible responses to the behavior that triggered the In-School Suspension.

In-School Support (ISS) Rules
1. Students report to the ISS room before the start of first period or period assigned.
2. Students who miss any ISS time due to early dismissal, tardiness, absence, or emergency school closing will make-up the time missed on the next day of attendance.
3. Restroom breaks are provided periodically.
4. Students eat lunch in the ISS room.
5. Students must bring all necessary assignments, text and materials.
6. All school rules apply in ISS.
7. Students will turn cell phones in upon entry, remain seated in assigned seats and work on assignments, behavioral packets, or read appropriate material.
8. Students must produce complete academic assignments for every period of the school day.
9. Talking or interfering with other students, sleeping, lounging, and eating or drinking at any time other than lunch is not allowed.
10. Violation of ISS rules results in Out-Of-School Suspension. When the student returns they must make up the time they missed from ISS.
11. Participation in or attendance at any extracurricular activity from the time the ISS is assigned until the next school day after completion may not be permitted.
DUE PROCESS

- PROCEDURES FOR SHORT-TERM SUSPENSION

(Exclusion of a student from school premises and regular educational program for a specified period of not more than ten school days.)

The principal, or his/her designee, may suspend students out-of-school on a short-term basis. Unless a student possesses a firearm, controlled substance, assaults a school staff member, or is charged or convicted of a felony complaint (see Administrative Procedures based on G.L., c. 71, §§37H and 37H½, below) the student will receive the following due process prior to a short-term suspension:

1. Oral and written notice of the charges in English and the primary language of the home if other than English. This notice shall include, among other information, the potential length of the suspension and other potential consequences of the disciplinary offense, if applicable, an opportunity to have a hearing before the principal, or designee, concerning the proposed suspension, the date, time, and location of the hearing, the opportunity for the parent/guardian to attend the hearing, and the right to interpreter services.

2. At the hearing, if the student and/or parent/guardian elect to attend, the student shall have the opportunity to present his/her version of the relevant facts and any mitigating circumstances.

Based on the available information, the principal, or designee, shall make a determination as to whether the student committed the disciplinary offenses and what discipline shall be imposed. The student and parent/guardian shall receive notice in writing of his/her decision, the reasons for it, and, if applicable, the type and duration of the suspension and the opportunity to make academic progress while excluded, including making up assignments and other academic work.

PROCEDURES FOR EMERGENCY REMOVAL

If the student’s continued presence poses a danger to persons or property, or materially and substantially disrupts the order of the school and, in the principal’s judgment, there is no alternative available to alleviate the danger or disruption, the principal may temporarily remove the student from the school prior to any hearing. This temporary removal shall not exceed two (2) days following the day of the emergency removal and the superintendent shall be immediately notified of the removal. Additionally, the principal shall make immediate and reasonable efforts to orally notify the student and student’s parent/guardian of the emergency removal, the reason for the emergency removal, and the other information required in a short-term or long-term suspension notification. During the temporary removal, the short-term suspension notice shall be provided in writing to the student and parent/guardian. The opportunity for a hearing with the principal or designee shall occur within two (2) school days, unless otherwise extended by the school and parent. A decision regarding the student’s continued suspension or other removal shall be rendered the same day as the hearing and written notice shall be provided the following school day. This written notice shall include all the information required based on the type of discipline imposed (short-term suspension, in-school suspension, long-term suspension, or expulsion).

EXCLUSION FROM PRIVILEGES

The school administration may also exclude a student from privileges, such as extracurricular activities and attendance at school-sponsored events, based on a student’s misconduct, regardless of whether the student is ultimately suspended or expelled. This type of removal is not subject to the procedures for suspension and expulsion outlined in this policy.

PROCEDURES FOR LONG-TERM SUSPENSION

(exclusion of a student from school premises and regular classroom activities for more than ten school days.)

The principal, or his/her designee, may issue long-term suspensions at the building level. The principal may also issue expulsions for the offenses set forth in G.L. c. 71, §37H and §37H½ (described in the School District Policies, State and Federal Regulations section, below)

1. In the event of a long term suspension or expulsion, the student will be provided oral and written notice of the charges in English and the primary language of the home if other than English. This notice shall include, among other information, the potential length of the suspension and other potential consequences of the disciplinary offense, if applicable, an opportunity to have a hearing before the principal, or designee, concerning the proposed suspension, the right for the parent/guardian to attend the hearing, the date, time, and location of the hearing, the right to interpreter services, the right to appeal to the superintendent, the opportunity to view the student’s records, the right to be represented by counsel at the student’s/parent/guardian’s own expense, the right to produce witnesses, the right to cross examine witnesses, and the right to request that the hearing be recorded and to receive a copy of the audio recording.

2. In advance of the hearing, as at any time, the student and/or parent shall have the right to review the student’s record and the documents upon which the principal or designee may rely in making a determination to suspend the student.
3. At the hearing, if the student and/or parent elects to attend, the student shall have the opportunity to present his/her version of the relevant facts and any mitigating circumstances. The student shall also have the right to produce witnesses and the right to cross-examine witnesses presented by the school. Please note that student witnesses may not be compelled to testify. As indicated above, the student and/or parent/guardian may also be represented by counsel, at private expense, and may request that the hearing be audio recorded.

4. After the hearing, the principal, or designee, shall make a determination as to whether the student committed the disciplinary offenses and what consequences shall be imposed. The student and parent shall be notified in writing of his/her decision, including, if applicable, the disciplinary offense; the date on which the hearing took place; the participants at the hearing; key facts and conclusions reached by the principal/designee; the length and effective date of the suspension; the date of return to school; notice of the student’s opportunity to receive education services and make academic progress during the suspension; and the student’s right to appeal to the superintendent or his/her designee if a long-term suspension has been imposed. The long-term suspension will remain in effect unless and until the superintendent reverses the decision.

EXCLUSION FROM CLASS
A student may be sent to the office, assigned detention, or assigned ISS for any of the following non-exhaustive list of reasons:

- Repeated and habitual disruption of a class/assembly;
- Destruction of classroom equipment or supplies;
- Repeated actions which endanger the safety and well-being of others; and
- Verbal or physical threats toward the teacher or other students.

The high school administration will offer all available resources to assist those students who are experiencing difficulty in school. These resources may include counseling services offered by the guidance department and/or any other interventions that are appropriate.

Finally, the responsibility for attendance and proper conduct in school rests with the parent. The School Committee recognizes its responsibility to provide whatever services are needed to assist the parent in meeting his or her obligations but maintains that the school cannot and should not attempt to do this alone.

EXPULSIONS
Expulsion is the removal of a student from the school premises, regular classroom activities, and school activities for more than ninety (90) days, indefinitely, or permanently. While excluded, students shall have the opportunity to receive educational services and make academic progress.

Students may be expelled under the following statutes:

- G.L.c.71 § 37H, which permits the principal to expel a student for possession of a dangerous weapon, possession of a controlled substance, or assault on a principal, teacher, teacher’s aide, or other educational staff members on school premises or at a school sponsored event.
- G.L., c.71, § 37H ½ permits the principal to suspend a student, for a period of time determined appropriate by the principal, if the student is charged with a felony and the principal determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school. The principal may also expel a student for being convicted of a felony, upon an adjudication or admission in court of guilt with respect to such a felony, and the principal determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school.
- See the School District Policies, State and Federal Regulations section, below, for more information about these statutes.

CONSEQUENCES FOR BUS INCIDENTS
Students are expected to abide by the school rules while on the bus. Consequences for violations of school rules on the bus may include the loss of bus privileges on a temporary or permanent basis.

1st offense — 3 days off bus/2nd offense — 5 days off bus/ 3rd offense — 10 days off bus

*Lesser bus violations will be dealt with administratively and office detention(s) will be assigned.
CONSEQUENCE GRID

The School Committee and the administration expect students to respect and obey the rules and regulations of the school. Therefore, all disciplinary actions and procedures are directed toward serving educational ends. Those who enjoy the privileges and rights the school provides must also accept the responsibilities, including respect for and compliance with school rules.

Students, parents, and staff should be aware that the following chart is included in the Student Handbook as a quick reference for general consequences. It is not designed to be all inclusive or reflect extenuating circumstances. The opposite holds true as well. The consequence grid contains infractions not referenced in the general narrative of the Student Handbook. This fact does not detract from their ability to be enforced or consequences assigned to students for violating them. Administrators will be the final arbitrator in all disciplinary actions. Consequences for infractions are at the discretion of the administrator, provided that the consequences are compliant with state and federal law. When more than one response is available, the school administrator will use the most appropriate choice according to the severity of the offense(s) and all other aggravating and mitigating factors including, but not limited to:

- Existence of, and/or severity of, injury to person(s), damage to property, and/or disturbance or significant disruption of the school
- Situations which create safety risks and/or participation in dangerous activity
- Consideration of the vulnerability of the victim
- Consideration of a student acting alone or in concert with others
- Disciplinary offense which also include unlawful conduct, such as sexual harassment
- Premeditation
- Consideration of the lapse of time (or interim progress) between offenses
- Situations in which upperclassmen have involved younger students in a violation; and/or whether multiple infractions occur with the same incident

SCHOOL DISTRICT POLICIES, STATE AND FEDERAL REGULATIONS

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA)
Each year the school is required by Federal Law to inform you of the status of asbestos in the school. At this time we are in the process of complying with all applicable Federal and State regulations. The asbestos management plan is on file in the office and accessible to you upon request. In addition, the school has successfully completed its inspections by the Fire Department and the Building Inspector.

"NO SCHOOL" ANNOUNCEMENTS/EARLY DISMISSAL
The announcement for closing schools will be broadcast between 6:00-7:00 am over the following radio stations: WHJJ (AM 920), WHY (FM 94), WPRO (AM 630FM 92), and WSNE (FM 93), as well as the following TV stations: Channel 6, Channel 10, and Channel 12. Announcements are also posted on the school district's web page at http://www.seekonk.schools.org. In the event of an emergency early release, students should know what plan to follow if no one is at home.

ADMINISTRATIVE ACTION IN CASES INVOLVING DRUGS, CONTROLLED SUBSTANCES, WEAPONS, OR ASSAULTS – G.L. c. 71, § 37H:
The superintendent of every school district shall publish the district's policies pertaining to the conduct of teachers and students. Said policies shall prohibit the use of any tobacco products within the school buildings, the school facilities or on the school grounds or on school buses by any individual, including school personnel. Said policies shall further restrict operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, from idling such vehicles on school grounds, consistent with section 16B of chapter 90 and regulations adopted pursuant thereto and by the department. The policies shall also prohibit bullying as defined in section 37O and shall include the student-related sections of the bullying prevention and intervention plan required by said section 37O. Copies of these policies shall be provided to any person upon request and without cost by the principal of every school within the district.

Each school district's policies pertaining to the conduct of students shall include the following: disciplinary proceedings, including procedures ensuring due process; standards and procedures for suspension and expulsion of students; procedures pertaining to discipline of students with special needs; standards and procedures to assure school building security and safety of students and school personnel; and the disciplinary measures to be taken in cases involving the possession or use of illegal substances or weapons, the use of force, vandalism, or violation of a student's civil rights. Codes of discipline, as well as procedures used to develop such codes shall be filed with the department of education for informational purposes only.

In each school building containing the grades nine to twelve, inclusive, the principal, in consultation with the school council, shall prepare and distribute to each student a student handbook setting forth the rules pertaining to the conduct of students. The student handbook shall include an age-appropriate summary of the student-related sections of the bullying prevention and intervention plan required by section 37O. The school council shall review the student handbook each spring to consider changes in disciplinary policy to take effect in September of the following school year, but may consider policy changes at any time. The annual review shall cover all areas of student conduct, including but not limited to those outlined in this section.

Notwithstanding any general or special law to the contrary, all student handbooks shall contain the following provisions:

(a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.

(b) Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.

(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal. After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the
The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

(f) Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analyses, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.

(g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

**ADMINISTRATIVE ACTION IN CASES INVOLVING FELONY CHARGES AND CONVICTIONS - G.L. c. 71, §37H½:**

(1) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student’s parent or guardian within three calendar days of the student’s request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

(2) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent, in writing, of his request for an appeal no later than five calendar days following the effective date of the expulsion. The superintendent shall hold a hearing with the student and the student’s parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student under an education service plan, under section 21 of chapter 76.
BULLYING INTERVENTION AND PREVENTION

Seekonk Public Schools is committed to the provision of an educational atmosphere free from bullying, cyber-bullying and retaliation (Chapter 92 of the Acts of 2010, Section 5, Section 370(d)(i)) in order to create a safe, caring, and respectful learning environment for all students. This Plan is updated to reflect G.L. c. 71, § 370 as amended by Sections 72 – 74 of Chapter 38 of the Acts of 2013, which changed the definition of “perpetrator” to include “a member of a school staff, including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional.” The amendment also made the plan applicable to school staff, including but not limited to, the individuals listed in the amended perpetrator definition.

Definitions:

“Aggressor” and “Perpetrator” are used interchangeably and mean the perpetrator of bullying or retaliation as defined in G.L. c. 71, § 370.

“Bullying”, pursuant to G.L. c. 71, § 370, means the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that:

1. causes physical or emotional harm to the target or damage to the target’s property;
2. places the target in reasonable fear of harm to himself or herself or damage to the target’s property;
3. creates a hostile environment at school for the target;
4. infringes on the rights of the target at school; or
5. materially and substantially disrupts the education process or the orderly operation of a school.

For the purposes of this section, bullying shall include cyber-bullying.

“Cyber-bullying” is bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to: any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include:

1. the creation of a web page or blog in which the creator assumes the identity of another person or
2. the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (1) to (5), inclusive, of the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (1) to (5), inclusive, of the definition of bullying.

“Hostile environment” means a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student’s education.

“Target” means a student victim of bullying or retaliation as defined in G.L. c. 71, § 370.

Prohibition of Bullying

Bullying is prohibited: on school grounds, property immediately adjacent to school grounds, at a school-sponsored or school-related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a school district or school, or through the use of technology or an electronic device owned, leased or used by a school district or school and

at a location, activity, function or program that is not school-related, or through the use of technology or an electronic device that is not owned, leased or used by a school district or school, if the bullying creates a hostile environment at school for the target, infringes on the rights of the target at school or materially and substantially disrupts the education process or the orderly operation of a school.

Nothing contained herein shall require schools to staff any non-school related activities, functions, or programs.

(Chapter 92 of the Acts of 2010, Section 5, Section 370 (b).}
Reporting Incidents

The school district expects students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Reports of bullying and retaliation should be given orally or in writing to the building Principal. The target should report the specifics of the complaint to ensure that the subsequent investigation is focused on the relevant facts. A Witness Form is available in school offices, and is available on the school and district’s websites.

Our school staff has been trained on the new law and shall immediately report any instance of bullying or retaliation the staff member has witnessed or becomes aware of to the principal or to the school official identified in the plan as responsible for receiving such reports or both. (Chapter 92 of the Acts of 2010, Section 5, Section 37O (g).)

If an incident of bullying or retaliation involves students from more than one school district, charter school, non-public school, approved private day or residential school or collaborative school, the school district or school first informed of the bullying or retaliation shall, consistent with state and federal law, promptly notify the appropriate administrator of the other school district or school so that both may take appropriate action. If an incident of bullying or retaliation occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in a local school district, charter school, non-public school, approved private day or residential school or collaborative school, the school district or school informed of the bullying or retaliation shall contact law enforcement consistent with Chapter 92 of the Acts of 2010, Section 5, Section 37O (h).

The building principal/designee shall be responsible for assisting employees and students seeking guidance or support in addressing matters relating to any form of bullying. All employees will be provided professional development in bullying prevention and intervention on an ongoing basis.

It is important that allegations of bullying and retaliation be investigated and resolved as confidentially and as quickly as the circumstances permit. Once a complaint of bullying or retaliation has been made, the following course of action should be taken:

- Investigating and/or gathering data
- Substantiating and establishing the facts
- Assessing the facts
- Documenting
- Communicating results

Retaliation against a person who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying shall be prohibited. (Chapter 92 of the Acts of 2010, Section 5, Section 37O (d)(v).) A student who knowingly makes a false accusation of bullying shall be subject to disciplinary action.

Following the investigation, if the Principal or his/her designee determines that bullying or retaliation has occurred, the Principal or his/her designee shall (i) notify the local law enforcement agency if the Principal or his/her designee believes that criminal charges may be pursued against an aggressor; (ii) take appropriate response or disciplinary action, including, but not limited to warnings, detentions and suspensions; (iii) notify the parents or guardians of an aggressor; and (iv) notify the parents or guardians of the target, and to the extent consistent with state and federal law, notify them of the action taken to prevent any further acts of bullying or retaliation; and (v) inform the parents or guardians of the victim about the Massachusetts Department of Elementary and Secondary Education’s problem resolution system and the process for seeking assistance or filing a claim through the problem resolution system. (Chapter 92 of the Acts of 2010, Section 5, Section 37O (g).)

Academic Activities

Seekonk Public Schools shall provide age-appropriate instruction on bullying prevention in each grade. This instruction shall be incorporated into the curriculum, be evidence-based, and information about it must be made available to parents and guardians. Second Step curriculum will be used in Grades K-8 for all students. In Grades K-5, Second Step is taught by the classroom teacher, and at the middle school level, Second Step is taught in Health classes. Steps to Respect is utilized in Grades 3-5 with whole classrooms as indicated by incident reports or requests by the classroom teacher, administrator, school psychologist, or adjustment counselor. There
are additional interventions used as needed. Initiatives will also teach students about the student-related sections of the Bullying Prevention and Intervention Plan at the beginning of the school year during administrative assemblies in Grades 6-12, and by classroom teachers in Grades K-5. At the high school, during physical education and health classes, students will be engaged in a curriculum that meets the approaches as described above. Additional interventions at the high school include social skills groups in each of the special education programs.

The District will annually report bullying incident data to the Department of Elementary and Secondary Education.

More detailed information can be found at the Seekonk Public Schools Bullying Prevention and Intervention Plan. It is available on the website and at the office, upon request.

DISCIPLINE PROCEDURE FOR STUDENTS WITH DISABILITIES OR IMPAIRMENTS

All students are expected to meet the requirements for behavior as set forth in this Handbook. State and federal law requires that additional provisions be made for students with disabilities.

Students with Special Needs or 504 students may be suspended for up to ten (10) consecutive days, or ten (10) cumulative days, in any one school year, as would any other student under this handbook. Suspensions or exclusions in excess of ten (10) consecutive days or ten (10) cumulative days may also occur, provided that the conduct for which the student is being disciplined is not a manifestation of his/her disability (see below), and for special education students, that the District provides services to allow the students to receive a free and appropriate public education (“FAPE”) during the suspension or exclusion. Section 504 students are not entitled to FAPE during the period of exclusion if the discipline is not a manifestation of the disability, but are entitled to make academic progress and educational services during a suspension, like a regular education student.

When a Special Needs or 504 student has been suspended for more than ten (10) consecutive or cumulative days in a school year, the TEAM will meet to conduct a manifestation determination. The manifestation determination TEAM must consider all relevant information in the student’s file, including the student’s IEP (or 504 Plan), in order to determine whether the behavior prompting disciplinary removal was a manifestation of the student’s disability. The TEAM determines whether or not the misconduct was a manifestation by deciding two questions:

1) Is the misconduct the result of failure to implement the student’s IEP or 504 Plan? And

2) Is the misconduct caused by, or does it have a direct and substantial relationship to the student’s disability?

A summary of the manifestation determination review will be written and a copy provided to the parent(s)/guardian(s) as soon as possible after the review, but no later than five (5) school days after the review.

If the TEAM finds that the misconduct was not a manifestation of the student’s disability, then the student may be disciplined according to the discipline policy otherwise outlined in this Handbook. Special education students will receive a free and appropriate public education during this period of suspension or exclusion. 504 students have a right to make academic progress and receive educational services like regular education students pursuant to Chapter 222. The student’s TEAM should also consider whether a functional behavioral assessment (FBA), behavioral intervention plan, or changes to the student’s IEP/504 Plan would be appropriate.

If the TEAM finds that the misconduct was a manifestation of the student’s disability, then the school may still be able to implement an IAES (see below), but otherwise the student has a right to return to his or her placement. The student’s TEAM will arrange for a functional behavioral assessment (if one has not been recently conducted on the student) and the development or modification of a behavior intervention plan.

Federal and state law also allow school personnel to move a student with disabilities to an interim alternative educational setting (IAES) for up to 45 school days, if that student is in possession of a dangerous weapon at school or a school function or on school property; is in possession or uses a controlled substance or sells or solicits the sale of a controlled substance while at school or a school function or on school property; or inflicts serious bodily injury on a person, including him/herself. Under these circumstances, an IAES placement may be made whether or not the conduct was a manifestation of the student’s disability. The appropriate interim alternative educational setting shall be determined by the student’s TEAM.

The IDEA and G.L. c. 71B also allow school personnel the option of pursuing an expedited hearing at the Massachusetts Bureau of Special Education Appeals (BSEA) to change the current educational placement of a student with a disability if remaining in that
placement is substantially likely to result in injury to the student or others.

If the parent/guardian (or student 18 years or older) disagree with the TEAM's manifestation determination, or with the decision to place the student in an interim alternative educational setting, said parent/guardian (or student 18 years or older) also has the right to request an expedited due process hearing from the BSEA.

The Principal (or designee) will notify the Special Education Office of the suspendable offenses of a special needs student and a record will be kept of such notices.

Additional information on the discipline procedures for students with disabilities is available from the Seekonk Special Education Department.

Students not yet eligible for special education or a 504 Plan

A child who has not been determined to be eligible for special education and related services or a 504 Plan and who has engaged in behavior that violates a code of student conduct may be eligible for the protections described above if the school has reason to suspect that the child has a disability and is in need of services. Please contact the Director of Special Education for more information.

DRUGS AND ALCOHOL
The abuse of alcohol and drugs is clearly against the law and violates school regulations. Equally serious are the detrimental physical and emotional effects caused by alcohol and drug abuse. Students who possess, use, sell, dispense, exchange, or are under the influence of controlled and/or synthetic (including but not limited to "K2", "Spice" and/or bath salts) substances, including alcohol, and drug-related paraphernalia on school grounds at any time or at any school sponsored function are subject to immediate out-of-school suspension and/or possible expulsion for drug offenses. See, the School District Policies, State and Federal Regulations section concerning G.L., c. 71, §37H and due process procedures located earlier in this Handbook. Further, involvement with the local police department will occur, leading to possible court involvement.

EQUAL OPPORTUNITY: TITLE IX OF THE EDUCATION AMENDMENTS OF 1972
The governing regulations effective July 21, 1972, cover all aspects of sex discrimination in schools with regard to admissions, treatment of students and employment. Specifically, Title IX states: No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under an education program or activity receiving Federal Financial Assistance.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT AND STUDENT RECORDS
Both Massachusetts and the federal government have laws that exist to assure parents' and students' rights of confidentiality, inspection, amendment, and destruction of student records, and to assist school authorities in their responsibilities for the maintenance of school records. In Massachusetts, those laws are found at G.L. c.71, §§ 34A, 34D, 34E, and 34H and at 603 CMR 23.00. The federal student records law is called the Family Educational Rights and Privacy Act and is found at 20 U.S.C. section 1232g; 34 CFR 99, further information is available at the link below: [http://www.ed.gov/policy/gen/gcl/fpco/ferpa/index.html](http://www.ed.gov/policy/gen/gcl/fpco/ferpa/index.html)

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA and Massachusetts student records laws allow schools to disclose those records, without consent, to the following parties: or under the following conditions:

- Other schools to which a student is transferring (please note that our schools will also request and receive student records from the school of origin for students transferring into the District, and will be able to receive these records without additional consent upon receiving notice that the student will be enrolling in the District);
- School administrators, teachers, counselors and other professionals who are employed by the school committee or who are providing services to the student under an agreement between the school committee and a service provider, and who are working directly with the student in an administrative, teaching counseling, and/or diagnostic capacity. It includes contractors, electronic/online vendors, consultants, volunteers, interns, or other parties to whom the school has outsourced institutional services or functions;
- Administrative office staff and clerical personnel who are either employed by the school committee or are employed under a school committee service contract, and whose duties require them to have access to student records for purposes of processing information for the student record;
Specified officials for audit, enforcement, or evaluation purposes, provided that except when collection of personally identifiable data is specifically authorized by law, any data collected by such officials shall be protected so that parties other than such officials and their authorized agents cannot personally identify such students and their parents;

- Local and state health department personnel to student health records, when such access is required in the performance of official duties;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities within a juvenile justice system, pursuant to specific State law.

Under 603 CMR 23.07(4)(a) a school may release the following “directory” information without prior consent: “a student’s name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of members of athletic teams, class, participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plans.” Parents and eligible students may request that this information not be released without prior consent.

As referenced in 603 CMR 23.07(4)(g), Seekonk Public Schools forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer.

Under section 37L of G.L., c. 71, any student transferring into a new school district must provide the new district with “a complete school record,” including but not limited to, “any incidents involving suspension or violation of criminal acts or any incident reports in which such student was charged with any suspended act.”

Please also note that all student records will be destroyed 30 days after the student’s graduation from Seekonk High School or 30 days after transferring to another school. Parents/guardians/adult students are encouraged to request and procure student records from the central office within 30 days of a student’s graduation or transfer to another school.

NON-CUSTODIAL PARENTAL REQUEST FOR STUDENT RECORDS
G.L., c. 71, § 34H

Any parent who by court order does not have physical custody is considered a non-custodial parent. A non-custodial parent may have access to the student record in accordance with law and Department of Education regulations, found at 603 CMR 23.07. A non-custodial parent requesting information shall submit a written request to the school principal.

Any parent who does not have physical custody shall be eligible to receive access to the student record unless:

- Parent’s access is currently prohibited by temporary or permanent protective order, unless this order specifies access to such information.
- The parent is denied visitation; or, based on threat to safety of the child, is currently denied legal custody, or is court-ordered to be under supervised visits, and such threat is specifically noted in the custody or visitation order.
- There is an order of a probate and family court judge which prohibits the distribution of student records to the parent.

Once a request is received, the school shall review the student’s records for any documentation limiting or restricting the non-custodial parent’s access to the information or records. The district shall notify the custodial parent of the request by certified mail in both primary language of the custodial parent and in English that it will provide the information after 21 days, unless the custodial parent provides the principal with documentation that the parent is not eligible for the information. Such documentation includes:

- A court order prohibiting contact with the student, as outlined above;
- A (temporary or permanent) court order plainly prohibiting the distribution of information to provide protection to the student from abuse by the requesting parent; and
- Subsequent orders modifying a protective order that would otherwise allow such access. In this case, the custodial parent must contact the school to notify administration of any such modified court orders and provide documentation thereof.

If the custodial parent responds and provides any of the above documents, these records are to be placed in the student’s file. If the custodial parent does not produce such documentation, the student records will be provided to the non-custodial parent, except that all electronic and postal address and telephone numbers relating to work or home of the custodial parent shall be removed from the records sent. Furthermore, student records provided to a non-custodial parent will be stamped to indicate that they cannot be used to enroll the student in school elsewhere.
If a student is the subject of any temporary/permanent custody order, decree, or agreement, a copy of the custody order, decree or agreement – either signed by the judge of the probate court in the case of an order or decree or signed by both parents in the case of an agreement – must be provided to the main office.

These orders are important for determining access to the student’s records, the right to have the student dismissed into the care of an individual, the right of access to a student’s teacher and similar issues. Parents are responsible for notifying the school of any changes in the custody order, decree, or agreement.

These records are to be placed in the student’s file. Each elementary and secondary school shall provide student records within ten days including, but not limited to:
- Report cards and Progress Reports
- Results of standardized testing
- Notice of referral for special education evaluation
- Notification of enrollment in ESL program (Chapter 71A)
- Notification of absences and illnesses
- Notification of detentions, suspensions, or expulsions
- Notification of permanent withdrawal from school

Upon receiving oral or written notice that the student seeks or intends to transfer to another school, the Seekonk Public Schools will send a student’s records to the school to which a student seeks or intends to transfer. The Seekonk Public Schools does not require the consent of the eligible student or parent to forward these records.

**Protection of Pupil Rights Amendment Act**

The Protection of Pupil Rights Amendment (PPRA) requires that the school notifies you to obtain consent or allow you to opt out of the following school activities: a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior;
4. Critical appraisals of others with whom respondents have close family relationships;
5. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
6. Religious practices, affiliations, or beliefs of the student or parents; or
7. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings.

The Seekonk Public Schools will provide parents, within a reasonable period of time prior to the administration of the surveys and activities, a notification of the surveys and activities and be provided an opportunity to opt their child out, as well as an opportunity to review the surveys. (Please note that this notice and consent/opt-out transfers from parents to any student who is 18 years old or an emancipated minor under State law.

PARENTAL NOTIFICATION LAW
The Massachusetts Parental Notification Law ensures that parents and guardians are notified about any curriculum that primarily involves human sexuality education or human sexuality issues. The law also states that parents are permitted to exempt their children from any portion of that curriculum without penalty.

Students involved in the Health education program have a unit on Human Sexuality. The Human Sexuality Unit will focus on teaching students about self-worth and promotes abstinence as a positive and very real choice. If you have any reason to exempt your child from this course or wish to review the course curriculum, please contact your child’s school.

Said superintendent, police chief, and representative from the department of social services, together with a representative from the office of student services or its equivalent, shall arrange an assessment of the student involved in said weapon report. Said student shall be referred to a counseling program; provided, however, that said counseling shall be in accordance with acceptable standards as set forth by the board of education. Upon completion of a counseling session, a follow-up assessment shall be made of said student by those involved in the initial assessment.

A student transferring into a local system must provide the new school system with a complete school record of the entering student. Said record shall include, but not be limited to, any incidents involving suspension or violation of criminal acts or any incident reports in which such student was charged with any suspended act.

RESTRraint of Students in Public Schools
In December 2014, the Department of Elementary and Secondary Education (DESE) officially approved changes to the physical restraint regulations applicable to public education programs. The definitions of what constitutes a physical restraint have been amended substantially. Furthermore, the regulations impose additional due process, incident reporting, and data review requirements. New procedures are in place to assure that every physical restraint is reported and logged in the main office; that the principal (or designee) notifies the parents verbally and in writing of every restraint; that parents/students have the opportunity to comment on the restraint or a report of the restraint; that a principal (or designee) personally approves every restraint over 20 minutes and every time-out over 30 minutes; that the principal (or designee) has a weekly review of individual student restraint data; and that the principal (or designee) reviews school-wide restraint data on a monthly basis.
The Seekonk Public Schools complies with the provisions of 603 CMR 46.00 dealing with restraint of students in the public schools. To that end, Seekonk Public Schools' policy is developed pursuant to those regulations and is available upon request from the principal, the Director of Special Education and Pupil Personnel Services and is available at the Superintendent's office. Further, the policy is posted in the main bulletin board of the school near the office.

SCREENING OF 10TH GRADE STUDENTS
Massachusetts amended the regulations on Physical Examination of School Children, 105 CMR 200.00, to improve the screening and monitoring of the health assessment of children across the Commonwealth. The amended regulations require screening for height and weight and the recording and reporting of the Body Mass Index (BMI) for all students in grade 10. Any parent or guardian who would like to waive the grade 10 BMI screening at school must submit a written request by September 30th of the school year.

SPECIAL EDUCATION

Special education services are provided to students with disabilities who require specially designed instruction and/or related services in order to make educational progress and access the general curriculum. Special education is provided by the school district at no cost to parents. A parent/guardian/teacher, as well as other individuals like the student's physician, may refer the student for a special education evaluation at any time. An evaluation shall be completed upon written consent of the parent/guardian and shall be conducted in accordance with state and federal law. A complete copy of the Parent's/guardian's procedural rights may be obtained from the principal's office or from the special education office.

SECTION 504

Some students with disabilities may be entitled to services and other accommodations under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. To qualify as a disabled individual under Section 504, a student must: 1) have a physical or mental impairment that substantially limits one or more major life activities; 2) have a record of such an impairment, or 3) be regarded as having such an impairment. To qualify for a 504 Plan, an individual must fit into qualification #1 and require services and other accommodations to meet their educational needs as adequately as the needs of nondisabled students are met. The determination of such qualification shall be made by a team of persons knowledgeable about the disability and/or the student. A parent/guardian/teacher, as well as other individuals like the student's physician, may refer the student for an evaluation under Section 504. A complete copy of the Parent's/Guardian's procedural rights under Section 504, may be obtained from the guidance department's office.

Freedom of expression includes (a) expressing views through speech and symbols (b) writing, publishing and disseminating personal views as opposed to school sponsored speech which includes, but is not limited to student newspapers supported by use of school materials, funds, staff or identified by the school logo; (c) assembling peacefully on school property with prior administrative approval or off school property on public sidewalks subject to a reasonable time, place and manner restrictions.

Students have the right to dress as they wish provided their dress does not violate reasonable standards of health, safety, and cleanliness - as outlined in the dress code policy. Notwithstanding the rules above, school committees or school officials may take necessary action in cases of emergency.

ALCOHOL, TOBACCO, AND DRUGS

The Seekonk Public Schools provides age-appropriate, developmentally appropriate, evidence-based alcohol, tobacco, and drug prevention education programs in grades K-12. Screening, Brief Intervention, and Referral to Treatment (SBIRT) is a comprehensive public health approach for delivering early intervention and treatment services to people with, or at risk of developing, substance use disorders. The Seekonk Public Schools will implement the SBIRT, to screen pupils for substance abuse disorders in grades 7 and 9. A parent or guardian may opt out of the screening by written notification at any time prior to or during the screening in view of the fact that the use of alcohol and/or drugs can endanger the health and safety of the user, and recognizing the deleterious effect the use of drugs or alcoholic beverages can have on the maintenance of general order and discipline, the Seekonk Public Schools prohibits the use of, serving of, or consumption of any alcoholic beverage or drugs, such as marijuana, steroids or any controlled substance, on school property or at any school function. Please see the tobacco policy on prior pages.
OVERNIGHT OR LATE NIGHT FIELD TRIP

EVALUATION OF BIAS CONTENT IN INSTRUCTIONAL MATERIALS

The District asks that teachers in the district review educational materials to guard against simplistic and demeaning generalizations and biases on the basis of race, color, disability, age, sex, gender identity, religion, national origin and sexual orientation. This goes beyond a typical review of standard curriculum materials. Teachers must review all educational materials they bring into the classroom, whether it be a news article, picture book, advertisement, etc. on an ongoing basis. The review shall include consideration of achievement results for all student populations, educational equity, curriculum breadth and depth, and congruence of instructional strategies and assessments with district content standards. If a teacher does discover bias in a certain material he/she must also then develop appropriate activities, lead discussions or provide additional material to provide balance and context.

All staff will receive bias training information in annual Civil Rights training. Materials will include a sample checklist for teachers to use when bringing educational materials into the classroom and for reviewing long-standing curriculum.

In the case that a student or parent/guardian believes that any curricula or supplementary material is inappropriate for a school setting, the district encourages families to share their perspective so that together teachers and parents/guardians can make sense of the situation, look at it from different lenses, and establish a resolution focusing on providing balance and context for any stereotypes depicted in materials.
